

Registration Now Open for the 5th Edition of the S-@ccess Conference!

The organisers of the highly anticipated **5th edition of the International Conference on Solar Technologies and Hybrid Mini-Grids to Improve Energy Access** are excited to announce that registration is officially open!

Scheduled to take place in the picturesque city of Palma de Mallorca, Spain, from **September 4 to 6, 2024**, this conference promises to be a gathering of the brightest minds and practitioners in the field of energy access.

Attendees will have the opportunity to connect with a diverse community of professionals, including scientists, engineers, consultants, students, research institutes, manufacturers, donors, and politicians. With presentations offering a global perspective, featuring speakers from around the world, the conference is committed to fostering diversity and inclusivity among its attendees.

Thanks to the generous support of partner organisations, conference [fees](#) have been kept low, covering all side events and meals. Registration includes admission to all sessions, coffee breaks, light lunches, the welcome reception, Gala Dinner, conference materials, and side events.

For individuals in need of a formal invitation letter for visa applications or other official authorizations, assistance will be readily available **upon completion of Congress registration**. Upon registering, please reach out to uibcongres@fueib.org via email to request your letter. We strongly advise early registration to facilitate sufficient time for travel arrangements.
